

## **How to order our information guides and resources**

Our award-winning information guides cover a range of subjects, such as money, health, care and housing. All of our information guides can be downloaded free from our website here : [Advice guides, factsheets and leaflets | Independent Age](#). Our guides are split into different topic areas and by the type of publication: advice guide, factsheet, checklist or leaflet.

You can also easily order printed copies of our advice guides (not factsheets) for use on information stands/displays:

1. Go to our webpage [Advice guides, factsheets and leaflets | Independent Age](#)
2. Click on one of the guides that you are interested in and scroll down the page a bit until you find the order form. You'll see on the order form that there are lots of different guides that you can order so it might be worth spending some time having a look at the guides and making a note of which guides you would like to order.
3. Once you reach the order form, you will see that there is the option to create an account with us. This will make it easier and quicker for you to order again in the future.
