

Costs

Questions you can ask canvassers about high household costs:

- Do you agree that we should all be able to afford enough energy, water and other household costs to live well?
- Do you agree single social tariffs for energy, water, and broadband would make a difference to older people in poverty?
- Will you pledge to campaign so that older people in financial hardship don't have to face spiralling household costs?

If you speak to a parliamentary candidate, please take their name and party, and let us know how they answered your questions. You can email us at **campaigns@independentage.org** or post your thoughts to **Campaigns Team, Independent Age, 18 Avonmore Road, London W14 8RR.**
